Competition Format and Rules

競技形式および規則 / Format et règlement des compétitions

As of THU 1 JUL 2021

OLYMPIC COMPETITION FORMAT

The sailing competition at the Tokyo 2020 Olympic Games comprises 10 medal events, with athletes sailing in one or two person boats. There are six different classes of boats. Each NOC is permitted to enter up to one team per event, limited by the qualification criteria (see qualification system for details).

Format of the race course

Races are conducted around a course of marker buoys laid out by the race committee. A race may be over two to four laps. The number of laps in each race is decided by the race committee immediately prior to the start of the race and depends upon the wind conditions and the length of the course.
The race committee will alter the size of the course and number of laps in order to have a race of certain length of time. The orientation of the course is set so that the length of the course is parallel to the wind. The start is between two boats anchored and the start time is signalled by the raising of flags on the right side start boats. As some legs are orientated directly into the wind, and boats cannot sail directly into the wind, they must sail a zig-zag course to the mark and as a result, the boats can spread out over a wide area.
There are up to six race areas active at the same time with one or two events racing simultaneously on a race area. The shape of the courses vary for each event, with some sailing a straight upwind/downwind course, while others sail around four marks laid out in a trapezoid shape.

Scoring

The events men's one person dinghy - Laser, women's one person dinghy - Laser radial, men's one person dinghy (heavyweight) - Finn, men's two person dinghy - 470 and women's two person dinghy - 470 have 10 opening series races plus the medal race. The events men's windsurfer - RS:X, women's windsurfer - RS:X, men's skiff - 49er, women's skiff – 49erFX and mixed multihull - Nacra 17 foiling have 12 opening series races plus the medal race.

Opening series

- All participating crews race in the opening series races of the class.
- Sailing uses a "low point" scoring system whereby the winner of each race is awarded one point; second place is awarded two points, etc. Failure to finish the race, or a disqualification, earns the crew the number of points equal to one more than the total number of boats in an event, e.g. if there are 20 boats in an event, a failure to finish would earn a crew 21 points.
- The points from the worst race performance for each crew are discarded, and the remaining points are summed to calculate the event rankings after the opening series. The 10 crews with the best (lowest) overall score advance to the medal race.

Medal race

- Competitors will carry their series scores (i.e. total of race scores after discard) through to the medal race. Race scores for the medal race will be weighted. Points are doubled (i.e. two points for first boat, four points for second boat, etc.) and added to the series score. Scores for the medal race may not be discarded.
- If the medal race is not completed, medals will be awarded based on the series total score.

Schedule of races

Sailing is weather dependant; the competition schedule can be regularly changed as a result of not enough wind, too much wind, or unstable wind. The daily schedule for the following day is posted every evening. The daily schedule will show the scheduled time of the first race, the number of races for the day, and which event will be on each racing area. If weather conditions on any given day are not ideal, racing could be delayed from the scheduled start time until such time as the wind is considered suitable for racing by the race committee.
It is intended that all classes will sail two races on each day of the scheduled competition except the RS:X, 49ers, 49erFX and Nacra 17, for which it is intended to sail three races on each day of the scheduled competition. Due to weather conditions, up to one extra race per day may be sailed, with no event being more than one race ahead of the schedule.
If a race cannot be started due to the prevailing weather conditions (insufficient or unstable wind, or too much wind) that race is postponed to a later day.
The medal race for each event will be scheduled on the day designated for the medal ceremony for each event, even if the full schedule has not been completed by that day.
It is possible that due to unacceptable wind conditions not all scheduled races will be completed by the end of competition. In such cases a minimum of one race must have been sailed in order to award medals. If the medal race is not completed, medals will be awarded based on the series score for all the prior races.

Judging

Unlike sports such as football or baseball, where all the action is centred around a single location near the ball, the action in sailing is spread out over a wide area with up to 45 boats all taking different routes in order to sail the course as fast as possible. Therefore, it is impossible to have direct judging in such a race. Sailing has a system of "self policing" whereby if a team feels that they have been infringed by another team on the water, they can call to the other boat to take a penalty turn (sail in a tight circle once or twice, commonly referred to as a "360" or "720"). If the team fails to accept the penalty, or an official observes an infringement of the rules, a "protest" is filed by the competitor or official after racing has finished and a hearing is convened.

There is a time limit after the end of racing for the day in which a protest may be filed with officials; therefore, it is quite common for results to be amended after the completion of racing. Protests are more common than in most other sports and are a normal part of the game. The most common rule infringements for disqualification are when two boats are crossing on opposite tracks and when rounding marks. During the medal race, on-the-water umpiring is used as there are only 10 boats racing. All umpires' decisions will be made during the race, and immediately after the race the final result will be calculated, and medals will be awarded.

DIFFERENCES BETWEEN THE SAILING WORLD CHAMPIONSHIPS AND THE OLYMPIC GAMES

At the Olympic Games there is only one boat per NOC per event, whereas at sailing world championships there may be multiple boats per NOC per event. The number of boats is significantly higher at the sailing world championships, requiring a more complex format due to the difficulties in managing a single race with large numbers of boats. The sailing world championships is usually run using a format of splitting competitors into groups within the opening series, called a qualifying series and a final series. In the Olympic Games, there is only a single fleet, with the opening series of races followed by the medal race. All other areas of the competition format are the same.

CHANGES SINCE THE RIO 2016 OLYMPIC GAMES

Sailing has embraced the use of technology and innovation.

The Nacra 17 boats are now using foils, dramatically increasing their speed but also making them more challenging to sail at the highest level. The new foils allow the boat to ride with her hulls completely out of the water with higher wind speeds, reducing drag but raising the risk of nose diving or pitch poling.
Course diagrams have been updated for windsurfing events to include a reaching start option. When wind conditions permit, this adds a high-speed sprint to the first mark increasing the spectacle of the battle.

SPORT RULES AND PROCEDURES

Tiebreak rules

Medal race: Any tie after the medal race will be broken in favour of the boat finishing higher in the medal race.
If the medal race is not completed, medals will be awarded based on the series total score. If two or more competitors are tied, a two-stage tiebreak procedure is used. Ties are broken in favour of the competitor who has:

1) The most number of first places, then second places, etc.
2) Achieved a higher placing in the last race of the event

Case No. 1

Event: Mixed Multihull - Nacra 17 Foiling	**Race(s):**
Protestor: BRA	**Protestee:** Organizing Authority
Protest details: BRA Nacra 17 request for redress for an alleged improper action of the Organizing Authority	

Procedural matters:
The hearing was held on June 21st, 2021, via the Zoom videoconference platform, prior to the opening of the venue for the Tokyo 2020 Sailing Regatta.

BRA's Nacra 17 was represented by Gabriela Nicolino and Walter Boddenar.

The Organizing Authority was represented by Jon Napier and Alastair Fox from World Sailing.

Witnesses for BRA were Tara Pacheco (ESP) and Sinem Kurtbay (FIN).
Observers for BRA were Nelson Ilha and Torben Grael.

Observer for the International Jury was John Doerr, Chairman of the International Jury.

The parties made written submissions on the validity of the case and on the merits of the case. Their submissions were provided to the international jury and to the other party by June 18th, 2021. In the hearing, the parties both agreed that their written submissions would be accepted as evidence in the hearing.

In the hearing on June 21st, 2021 the international jury heard evidence addressing the validity of the request for redress, and then adjourned to make a decision on validity. The parties were informed that if the request was valid, the hearing would continue at a time and place to be scheduled.

Facts found:
1. In March 2020 the Tokyo 2020 Olympic Games were postponed.
2. In August 2020 BRA ordered a new boat from Nacra Sailing, stating that it was the boat they intended to use in the Tokyo 2020 Olympic Games Sailing.
3. In Nov 2020 a new Notice of Race was issued. There were no restrictions on Nacra daggerboards or rudders (together known as foils).
4. On January 29th, 2021 an amendment to the Notice of Race was issued including the following statement in Appendix 4, due to a change of manufacturer:
'Only daggerboards with licensed manufacturer's serial number ZP/ZS 00789 or lower, and rudders with licensed manufacturer's serial number T00639 or lower, shall be used.'
5. On January 29th, 2021 World Sailing notified all Member National Authorities of the amendment to the Notice of Race, highlighting that there was an amendment to Appendix 4 about limitation to equipment.
6. BRA first read the amendment to the Notice of Race in early February 2021.
7. BRA did not contact Nacra Sailing at any time to check the serial number of the foils that were going to be delivered.
8. The boat was delivered to BRA's base in Mataró (location close to Barcelona, Spain), in February 2021.
9. The foils were received in April by the Marina staff in Mataró, and not by members of the BRA team.
10. Due to COVID-19 restrictions, BRA Nacra team were unable to arrive in Spain until around May 5th, 2021 where they joined the Nacra training camp in Santander.
11. The foils were shipped from BRA's base in Mataró to BRA team at the Nacra training camp in Santander.
12. On May 16th BRA first checked the foils and found out that the foils did not have serial numbers that were permitted to be used in the Tokyo 2020 Olympic Games Sailing.
13. Then BRA contacted other teams to check if they were in the same situation.
14. On May 18th, 2021 BRA started sending emails to Nacra 17 class and Nacra Sailing to find a solution for the issue.
15. On May 18th, 2021 Nacra Sailing advised BRA to contact Nacra 17 Class.
16. On May 18th, 2021 Nacra 17 Class answered:

Case Decision
判決書 / Décision

As of TUE 27 JUL 2021 at 12:25

'… used equipment will be the only solution. No more foils from the old manufacturer exists, and there is no way to make more now.'
17. BRA owns permitted foils that they have been using, but they are reluctant to use them in the Tokyo 2020 Olympic Sailing Event, as they believe their performance may be adversely affected.
18. By May 18th, BRA found that permitted foils were available from other Nacra teams, not all of which will be competitors at the Olympic Games.
19. On May 31st, 2021 BRA asked Nacra Sailing if a pair of permitted daggerboards and rudders were still in stock. BRA did not receive an answer to this request.
20. On June 7th, 2021 BRA sent a letter by email to World Sailing requesting deletion of the Amendment affecting Nacra foils.
21. On June 10th a reply was given by World Sailing implying that there would be no further change to the Notice of Race with regard to Nacra foils.
22. On June 10th BRA delivered a request for redress on the grounds that the Amendment to the Notice of Race dated January 29th 2021 compelled them to find and use second-hand equipment that may make her score or place in the series worse.

Conclusion:
1. In February 2021, when BRA learnt about the Amendment to the Notice of Race, they could have inquired about the serial numbers of the new foils, but they did not.
2. By May 18th, 2021 BRA knew that their new foils were not permitted to be used in the Tokyo 2020 Olympic Games Sailing, and that there were no permitted new foils available from Nacra Sailing, nor could new permitted foils be manufactured. By then, BRA had learnt of the reasons for making the request for redress.
3. By submitting their request for redress on June 10th, BRA failed to deliver their request as soon as reasonably possible after learning of the reasons for making their request, as required by RRS 62.2.
4. There is no good reason to extend the time limit for delivering the request.

Rule(s) applicable:
RRS 62.2, 63.5

Decision:
The request for redress is Invalid. The hearing is closed under RRS 63.5.

Case No. 19

Event: Women's Skiff - 49er FX	**Race(s):** 6
Protestor: AUS	**Protestee:** SGP

Protest details: Starboard/port incident after finishing Race 5.

Procedural matters:
Jaime Ryan represented AUS.
Kimberly Min Lim represented SGP.
Richard Slater attended as observer (rules advisor AUS).

Facts found:
1. The incident occurred just before the orange flag for Race 6 being displayed, below the finishing line with 15 to 16 knots of wind.
2. AUS was stationary on starboard tack holding to her coach boat.
3. SGP was sailing on port tack and bore away to duck AUS, when her crew fell into the water and the boat heeled to windward.
4. When SGP heeled to windward, a contact occurred between the top of her mast and the sail close to the leach of AUS.
5. The contact caused the sail to be ripped for about 20cm perpendicular to the leech, between the second and the third batten.
6. The contact did not cause injury to any boat involved.
7. AUS put tape in the sail and both boats sailed and finished Race 6.
8. AUS finished Race 6 in position 10.
9. AUS finished Race 4 in position 9 and Race 5 in position 12, today in similar conditions.

Conclusion:
1. Since AUS and SGP were sailing near the racing area and both of them intended to race, the rules of Part 2 apply.
2. SGP on port tack failed to keep clear of AUS on starboard tack and broke RRS 10.
3. SGP did not avoid contact when it was reasonably possible and broke RRS 14.
4. It was not reasonably possible for AUS to avoid contact with SGP when it was clear that SGP was not keeping clear. Therefore, AUS did not break RRS 14.
5. The damage is not considered serious damage because it did not significantly affect the performance of AUS (see WS Case 141).
6. AUS place in Race 6 was not made significantly worse. Therefore, the requirements for redress in RRS 62.1 are not met.
